## downtown flower program

In 2020, the Downtown Everett Partners expanded programming to include a Downtown Flower Program. In April 2020, the City of Everett announced that budget shortfalls forced them to cut its flower program. Our board decided that the flower program was too important to downtown economic development to allow it to end.

In May 2020, we launched a pilot program to run a modified flower program. On April 30, 2022, community members will once again plant flowers downtown, and volunteers will assist in maintaining planters over the summer. The success of the program over the last two years has enabled us to continue and expand this program. We need your support to keep the Downtown Flower Program thriving. Please consider donating online or by check.

## other projects

In addition to making downtown more attractive through beautification projects, the Downtown Everett Partners organizes popular community events which bring thousands of people downtown each year. We also help to promote alternative modes of transportation with pedestrian wayfinding signs and through partnerships to install bike racks around downtown. Also new in 2020, we installed holiday lights at the intersection of Hewitt and Colby to make Downtown Everett more festive during the winter months; our Holiday Lighting Program was expanded again in winter 2021. With your contributions, we will expand our marketing, events, and public realm programming to continue promoting Downtown Everett as the vibrant, welcoming community we know it to be.
