

THINK LOCAL FIRST!

TEN REASONS TO Shop Small

Each one of us can help create and sustain a vibrant place to live, work, and visit. We can create thriving communities through even the smallest of everyday decisions — especially when it comes to the businesses we support. With a simple commitment to always think local first, we can create a wide ripple of impact.

SUPPORT Small Businesses

- KEEP OUR COMMUNITY UNIQUE
 - One-of-a-kind businesses are an integral part of the distinct character of our place. It's what distinguishes the uniqueness of our community compared to a chain store that looks the same anywhere else.
- 2 CREATE MORE LOCAL OWNERSHIP & GOOD JOBS

Small local businesses are the largest employer nationally, and in our community, provide the most jobs to residents. Let's encourage more start-ups!

3 BETTER PUBLIC SERVICES

Local businesses mean a stronger tax base and better use of public services compared to nationally owned stores. This translates into better schools, transportation, and emergency response services for you and your family.

4 SUPPORT COMMUNITY GROUPS

Local businesses donate more per sales dollar to local nonprofits, events, and teams compared to national chains.

G GET BETTER SERVICE

Local businesses often hire people with a better understanding of the products they are selling and take more time to get to know their clients, customers, and patrons.

6 INVEST IN COMMUNITY

Local businesses are owned by your friends and neighbors who live in this community, are less likely to leave, and are more invested in our community's future — just like you.

BETTER SELECTION FOR YOU

Small businesses that select products based not on a national sales plan, but on their own interests and the needs of their local customers, guarantee a much broader range of product choices and price.

8 ENCOURAGE LOCAL PROSPERITY

Entrepreneurs and skilled workers are more likely to invest and settle in communities that promote their one-of-a-kind businesses and distinctive character. This also means a better use of community space.

 KEEPING DOLLARS IN THE LOCAL COMMUNITY

Compared to chain stores, locally owned businesses recycle a much larger share of their revenue back into the local economy, enriching the whole community.

10 REDUCE ENVIRONMENTAL IMPACTS

Locally-owned businesses make more local purchases—requiring less transportation—and set up shop in town or city centers, which generally means less sprawl, congestion, habitat loss, and pollution.

The Joy of Small Business

There's something special about spending time in Downtown Everett. Every visit, purchase, and friendly exchange helps shape the character of our community. Shopping small here isn't just about finding something wonderful; it's about investing in the people and places that make Everett feel like home. Each dollar spent locally supports a dream, fuels creativity, and strengthens the vibrant fabric of our downtown.

From the crisp fall nights to bright spring mornings, Downtown Everett offers a rhythm and energy all its own. Our locally owned boutiques, cafés, art studios, and specialty shops invite you to slow down, look around, and discover something that speaks to you. You'll find shop owners who know their craft, care deeply about their customers, and take pride in offering thoughtful, personal service. Their work and your support keep our city's independent spirit alive and thriving.

As you wander our historic streets, you'll find beauty in the details: a window display that catches your eye, the smell of coffee drifting through the air, a kind word shared between neighbors. These moments remind us that connection and community are the real treasures of small business.

Whether you're here to explore, find a meaningful gift, meet friends for a meal, or simply enjoy the charm of a walk through downtown, we invite you to experience the warmth and creativity that define Everett.

Together, we're writing the story of a city that believes in local strength and shared joy.
