# Main Street Tax Credit Incentive Program

good for your business, great for our community

Thanks to the Main Street Tax Credit Incentive Program (MSTCIP), Washington businesses can put dollars into supporting their local downtown and get a 75% tax credit in return. That means more support for local businesses, events, and community projects. It's a win for your business, for your community, and a smart way to invest in Downtown Everett.

## Our Organization

The Downtown Everett Association is a part of a select group of organizations eligible for the Main Street Tax Credit Incentive Program. Our mission is to advance a vibrant and thriving downtown. We host community events, provide business support services, and enhance public spaces through physical improvements like the flower program. Since 1996, we've been collaborating with businesses, residents, governments, investors, and community organizations to create a healthy, vibrant urban core.

## Your Impact

Everett's downtown core is the hub of public life in Snohomish County. Its energetic streets are home to an innovative business community; engaged residents; and visitors who experience economic opportunity; a unique historic character; and a vibrant dining, arts, and entertainment culture.

Donations through the MSTCIP provide vital support to the downtown district, and the businesses within. When you donate to the Downtown Everett Association, you assist us in our efforts to support economic vitality, promote local experiences, cultivate a strong organizational network, and steward public spaces and historic places.

## How It Works

For every \$100 that you donate through the MSTCIP, you'll get \$75 deducted from your WA State B&O taxes. Donate \$10,000? You'll get a \$7,500 credit. Donate \$1,000? You'll get a \$750 credit. It starts with a pledge!

1. Pledge your donation at [DOR.wa.gov](https://DOR.wa.gov)
2. Submit payment to Downtown Everett Association by November 1, 2026
3. Receive 75% of your donation back as a tax credit the following January
